The steps of a Management Development (MD) program:

1. Definition of the skills requirements
2. Definition of the target group
3. Assessment of the target group’s skills
4. Gap analysis and recommendations
5. Setting-up of a training program
   - Creation of the program timeline
   - Creation of the list of participants
6. Implementation of the action plan
7. Follow-up and steering of the development program
